About AA Group of Colleges and Health Sciences

AA Group of Colleges and Health Sciences is a premier educational institution dedicated to promoting excellence in health sciences education. Established with the vision of nurturing skilled healthcare professionals, our college is committed to providing high-quality training in fields such as Physical Therapy and Medical Laboratory Technology. Our state-of-the-art facilities are equipped with the latest technology and resources to facilitate hands-on learning, ensuring that students gain practical experience alongside theoretical knowledge.

Our faculty comprises experienced professionals and educators who are passionate about fostering a supportive learning environment. Through a comprehensive curriculum, innovative teaching methods, and research opportunities, we aim to inspire students to become critical thinkers, compassionate caregivers, and leaders in their fields.

In addition to academic excellence, our college places a strong emphasis on community service and engagement, encouraging students to participate in outreach programs and initiatives that address healthcare challenges in society. We believe that education extends beyond the classroom, and by cultivating a spirit of service, we prepare our students to make meaningful contributions to the health and well-being of individuals and communities.

At AA Group of Colleges and Health Sciences, we are committed to shaping the future of healthcare by creating a diverse and inclusive environment that fosters personal and professional growth. We invite aspiring healthcare professionals to join us in this journey of learning, innovation, and service to humanity.

CHAIRPERSON MESSAGE

”

welcome to our esteemed students, faculty members, staff, and guests. Our institution is committed to providing a world-class education and healthcare experience that not only empowers our students but also contributes to the betterment of our society.

At AA As the Chairman of AA Group of Colleges and Health Sciences, I am thrilled to extend a warm, we believe in fostering a culture of innovation, creativity, and excellence. Our state-of-the-art infrastructure, highly qualified faculty, and cutting-edge resources provide a conducive environment for our students to learn, grow, and succeed. We are proud of our academic track record, research initiatives, and community engagement programs that have earned us a reputation as one of the leading institutions in the region.

Sincerely,
Jam Iqbal Haider

BS DEGREE PROGRAMS

Bachelor of Business Administration (BBA)

A business and management degree covering marketing, finance, HR, entrepreneurship, leadership, and organizational management — preparing students for corporate and business careers.

Medical Laboratory Technology (MLT)

A healthcare science program that equips students with skills in clinical testing, diagnostics, pathology, microbiology, hematology, and laboratory procedures used in hospitals and medical labs.

Bachelor of Science in Computer Science – BSCS

A modern degree focused on programming, software development, databases, networking, AI, and emerging technologies — preparing students for careers in IT and the tech industry.

BS English

A multidisciplinary degree focusing on English language, literature, communication skills, critical thinking, linguistics, and professional writing for academic and professional careers.

Doctor of Physical Therapy – DPT

A professional clinical degree that trains students in rehabilitation, physiotherapy techniques, patient management, and musculoskeletal care through theory and hands-on practice.

NURSING DEGREE & DIPLOMA PROGRAMS

Bachelor of Science in Nursing BSN

A comprehensive four-year professional degree that prepares students for advanced nursing practice through clinical training, patient care management, leadership development, and evidence-based healthcare education in hospital and community settings.

Post-RN

A career-enhancement bridge program for registered nurses designed to upgrade qualifications, strengthen clinical competence, improve decision-making and leadership skills, and prepare nurses for senior professional roles in the healthcare sector.

Lady Health Visitor (LHV)

A specialized community healthcare diploma focused on maternal and child health, antenatal and postnatal care, family planning services, primary healthcare awareness, and preventive health practices in rural and urban communities.

Community Midwife (CMW)

A professional midwifery diploma that equips students with hands-on training in safe childbirth practices, delivery assistance, mother & newborn care, reproductive health support, and community-based maternity services.

Certified Nursing Assistant (CNA)

A practical, skill-oriented diploma that trains students to provide patient assistance, bedside care, ward support, documentation help, and basic healthcare services under the supervision of qualified nurses and medical professionals.

NURSING LABS

SCIENCE LAB

At AA Group of Colleges & Allied Health Sciences, the Science Lab offers a fully equipped environment for practical learning in physics, chemistry, and biology, allowing students to apply theoretical knowledge through experiments and observation.

SKILL LAB

At AA Group of Colleges & Allied Health Sciences, the Skill Lab provides a modern training environment where students practice clinical procedures, patient care techniques, and professional skills through hands-on simulations.

ANATOMY LAB

At AA Group of Colleges & Allied Health Sciences, the Anatomy Lab offers a comprehensive learning environment where students explore the structure of the human body through models, charts, specimens, and interactive tools.

Clinical Attachment

Surayya Azeem(Waqf) Hospital

AA Group of Colleges & Health Sciences is clinically affiliated with **Surayya Azeem (Waqf) Hospital** (150-bed), providing students with hands-on clinical training and real-world medical exposure under the supervision of experienced healthcare professionals.

Located at Bahawalpur Road, Mozang Chungi, Lahore, Surayya Azeem Hospital offers modern healthcare facilities including OPD, ICU, operation theatres, surgical wards, gynecology, orthopedics, nursery, and emergency services—creating an ideal learning environment for nursing and allied health students to develop practical skills and professional competence.

Sheikh Zayed Hospital

AA Group of Colleges & Health Sciences is proudly affiliated with **Sheikh Zayed Hospital**, a major tertiary care teaching hospital that offers a wide range of specialized medical services. Through this affiliation, students receive comprehensive clinical training, direct patient exposure, and hands-on experience across multiple departments under the supervision of qualified doctors, nurses, and healthcare professionals. This partnership strengthens students' practical skills, professional confidence, and readiness for real-world healthcare environments.

Social Security Hospital

AA Group of colleges and health sciences is clinically affiliated with **Social Security Hospital**, Sheikhupura, providing students with valuable hands-on training and real-world clinical exposure. This affiliation allows students to gain practical experience in patient care, diagnostics, and hospital procedures under the supervision of qualified healthcare professionals, helping them develop strong clinical and professional skills.

AL-NASAR HOSPITAL

AA Group of Colleges & Health Sciences is affiliated with **Al Nasar Hospital**, offering students valuable clinical exposure and hands-on training in a professional healthcare environment. This affiliation allows students to gain practical experience in patient care, diagnostics, and hospital procedures under the supervision of qualified medical and healthcare professionals.

FACILITIES & AMENITIES

COMPUTER LAB

The Computer Lab at AA GC Group of Colleges provides students with a modern and technology-driven learning environment equipped with updated computer systems, high-speed internet, and the latest software tools. The lab enables students to develop practical skills, conduct research, and enhance their digital competencies. Under the supervision of qualified instructors, students gain hands-on experience in programming, IT applications, and professional software, preparing them for academic excellence and future career success.
